

# Learn Business Strategies and Solutions for Tackling Climate Change

Thursday, November 10, 2022  
noon - 1:00 p.m. PT

We all play a part in tackling climate change and businesses will need to lead the way by creating innovative, and sustainable solutions moving forward. As part of the California School of Management and Leadership (CSML) Speaker Series, we invite you to join us for this important and enlightening discussion with Olivier Tourny, Founder, President, and CEO of Powersys.

## CSML Speaker Series: Innovative Business Strategies and Environmental-Friendly Solutions to Tackle Climate Change

Presented by CSML at Alliant International University in partnership with the French-American Chamber of Commerce in San Diego, this is a rare chance to hear from one of the leaders in this field. You'll learn about modern business practices that will help combat climate change and shift our collective strategic thinking toward a more sustainable future. As the President of the French-American Chamber of Commerce in San Diego and a successful entrepreneur himself, Olivier will share his insights.

The webinar will conclude with a panel discussion led by Dr. Rachna Kumar (CSML Dean), and Dr. Leila Naderi (Director of Partnership Development). Don't miss this incredible event!

### About the speaker:

Olivier Tourny is the Founder, President and CEO of Powersys, an expert in solutions for electrification (software and services), and Co-Founder and CEO of Neuroservices Alliance, which provides a CRO focus on CNS & PAIN Drug Discovery pre-clinical research. Both companies were launched to address high added value niche markets in their respective fields.
