

CSO HIMSS Chapter Lunch & Learn

April 13, 2016

12:00pmCT/1:00pmET

The ABC's of the TIGER and the VLE

Presented by Toria Shaw, MSW, Manager, Clinical Informatics, HIMSS North America, and Victoria Wangia-Anderson, PhD, Program Director/ Associate Professor, University of Cincinnati, TIGER Committee Member

Victoria Wangia-Anderson, PhD **Program Director/Associate Professor, University of Cincinnati**

- Program Director for Master of Health Informatics program at the University of Cincinnati, and Faculty Member
- TIGER Committee Member
- Previous project manager for ONC projects related to privacy and security and consumer engagement in health IT
- Centers for Disease Control and Prevention Public Health Informatics Fellow, Atlanta Georgia

Learning Objectives

1. Learn about the TIGER Initiative and the Virtual Learning Environment (VLE).
2. See an in-depth demonstration of this education portal.
3. Learn about the newest VLE offerings, how to navigate with ease, and maximize time spent leveraging resources.
4. Discover the benefits of being a TIGER VLE Pilot Partner.
5. Hear about the newly migrated TIGER website to HIMSS.org.

What is TIGER (*Technology Informatics Guiding Education Reform*)?

TIGER advances the integration of health informatics to transform education and practice by:

- Enabling the interprofessional clinical workforce to use informatics and technology to improve patient care
- Interweaving evidence and technology into seamless practice, education and research
- Fostering a learning health system

TIGER began as a grassroots initiative in 2006, with support from over 70 contributing organizations including HIMSS, two grants from the Robert Wood Johnson Foundation and a personal endowment. Effective September 22, 2014, TIGER transitioned to HIMSS.

<http://www.thetigerinitiative.org/>

Transition to HIMSS

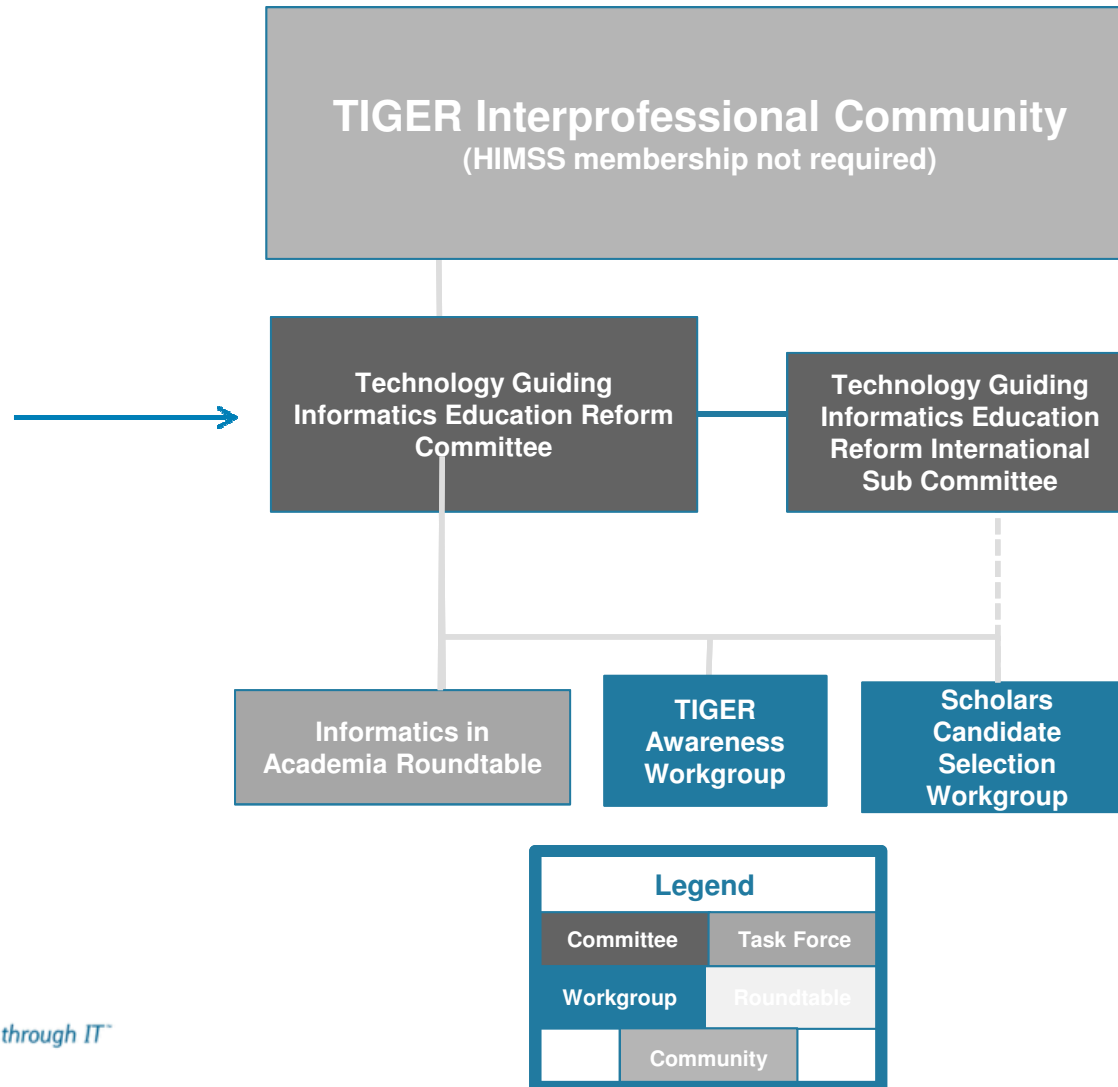

TIGER transitioned to HIMSS on September 22, 2014

HIMSS expanded Clinical Informatics activities to include:

- Reforming clinician education curriculum through the integration of IT, information literacy, informatics and the infusion of technologies for learning in a robust Virtual Learning Environment.
- Developing and implementing learning innovations; fostering faculty development and ensuring universities and providers have the necessary health IT education infrastructure.
- Identifying, modeling and implementing collaborative partnerships among public and private academic enterprises to launch a student intern Informatics Scholar Program.
- Increasing faculty and student acceptance and understanding of health IT technology through education and training, incentives and necessary supports.

TIGER *Community* Structure

TIGER Interprofessional Community

TIGER Committee

The TIGER Community is led by the HIMSS TIGER Committee which is charged with providing domain expertise, leadership and guidance to activities, initiatives, and collaborations within the interprofessional community.

Marion J. Ball, Ed D, FHIMSS, FCHIME, FACMI, FAAN *Committee Co-chair 2015-2016*

Michelle Troseth, RN, MSN, DPNAP, FAAN *Committee Co-chair 2015-2016*

TIGER Committee Goals

- Support the development of TIGER at “regional, grassroots” based efforts by providing a suite of resources to those interested at the chapter/organization level.
- Provide subject matter expert (SME) guidance in the successful execution of the TIGER Virtual Learning Environment (VLE) as a web-based learning platform that incorporates health information technology into interprofessional education for faculty, students and clinicians.

TIGER International (Sub) Committee

- Established in 2012
- 19 Countries Represented; 29 Members/Liaisons
 - Australia, Brazil, Canada, Denmark, Finland, Germany (*inclusive of Austria and Switzerland*), Ireland, Israel, Japan, New Zealand, Panama, Philippines, Portugal, Saudi Arabia, Singapore, Taiwan, United Kingdom ,and the United States

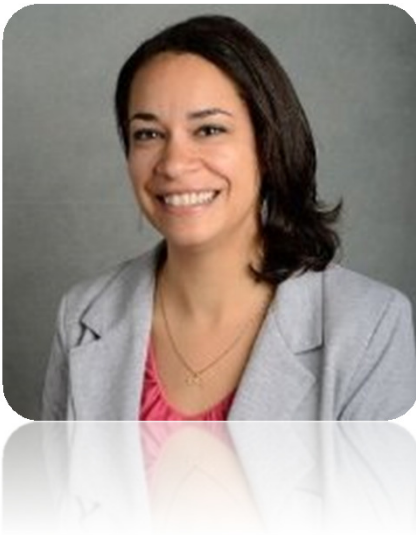

Competency Synthesis Project

- The TIGER International Committee has completed the first round of an innovative competency synthesis project that highlights recommended core international informatics competencies.
- In 2015, the Committee began comprehensive activities to compile recommended core international informatics competencies reflective of many countries, scientific societies, and research projects. This endeavor is comprised of three components:
 - Compilation of international case studies that reflect specific country competencies based on country requirements, curriculum, and education.
 - Deployment of a survey to evaluate and prioritize a broad list of core competencies to inform 5 domain areas.
 - Create a competency harmonization matrix that outlines shared and country specific competencies (including the United States) to provide guidance to the TIGER community.

Toria (Tori) Shaw, MSW Manager, Clinical Informatics, HIMSS North America

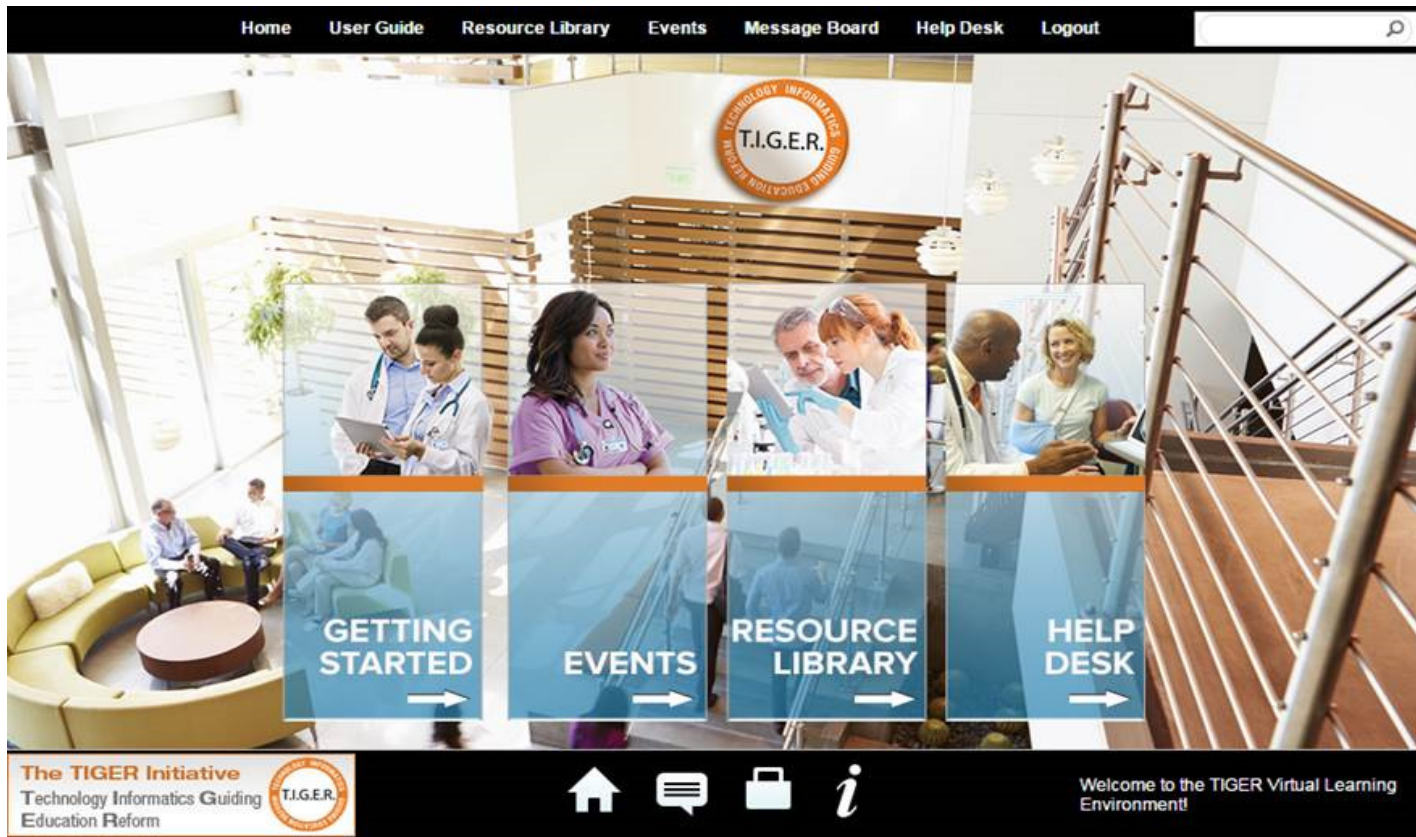

Joined HIMSS September 2014
(*Chicago Office*)

- Focus on education reform initiatives, international community development, preparing the clinical workforce & universities using the TIGER curriculum and developing out a robust Virtual Learning Environment in collaboration with several HIMSS teams/TIGER volunteers

TIGER Virtual Learning Environment (VLE)

www.thetigerinitiative.org/vle

What is the TIGER VLE?

Powered by HIMSS, the VLE is a dynamic and unique one-stop portal for **academic professionals, students, adult learners, and clinical educators**. The VLE contains vetted resources reflective of core International competencies to take you from A to Z in health IT. This personalized learning experience is designed to expand skillset in a self-paced format.

- Easily integrate health IT modules and resources into your curriculum
- Download Electronic Health Record (EHR) demo software

TIGER VLE Demonstration

Discover the Benefits of VLE Bulk Purchase Subscriptions

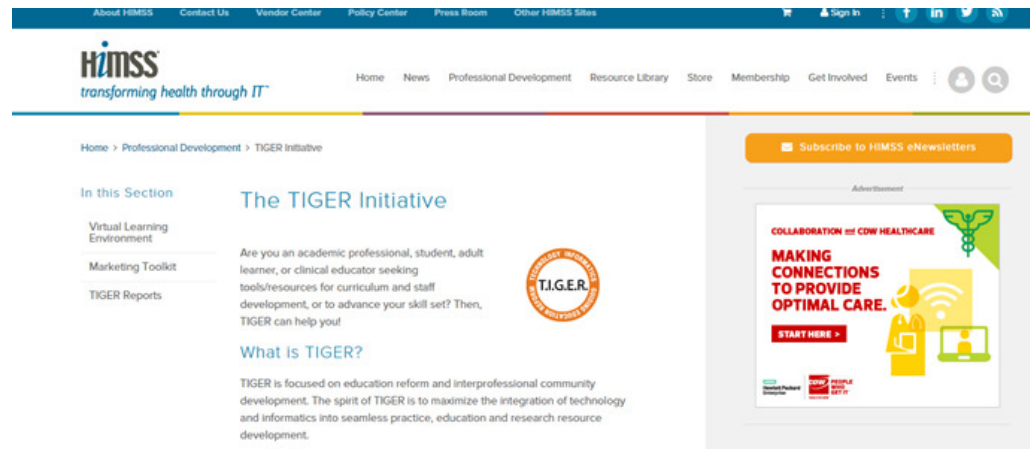

The **TIGER VLE**, an online health IT education portal for academic professionals, students, adult learners and clinical educators, is ***seeking institutional pilot partners to join us on the journey to educational reform.*** Benefits include:

- Invited to showcase/publish story of TIGER VLE curriculum adoption through HIMSS international publications.
- Discounts on subscription purchases of ten or more
- Custom VLE demos for staff and students
- Valuable tips and techniques for navigating the VLE

TIGER Website Migration to HIMSS.org

In December 2015, the TIGER website officially migrated to HIMSS.org! You can now find us at www.himss.org/tiger. Here is a rundown of the newly created TIGER pages for you to peruse:

- [TIGER Landing Page](#)
- [Virtual Learning Environment \(VLE\)](#)
- [Marketing Toolkit page](#)
- [TIGER Initiative Reports](#)

[ABSTRACT]
Powered by HIMSS, the TIGER Virtual Learning Environment (VLE) is a dynamic and unique one-stop portal for academic professional, students, adult learners, and clinical educators. The VLE contains vetted resources reflective of core Informatics competencies to take you from A to Z in health IT. This personalized learning experience is designed to expand skillset in a self-paced format. See an in-depth demonstration of the environment, learn about the newest offerings, how to navigate with ease and maximize time spent leveraging resources. Presented by Tonia Shear, MSN, HIMSS TIGER Staff Liaison, Manager of Clinical Informatics. Moderated by Pamela Minor, RN, MSN, DNP, Chief Nursing Informatics Officer, UMass Memorial Medical Center, TIGER VLE Pilot Partner.

VLE Who's Here

The screenshot shows a web application interface with a navigation bar at the top containing links for Home, User Guide, Resource Library, Events, Message Board, and Exit. Below the navigation bar, three user profile cards are displayed:

- John Paganini**: Sr. Manager Interoperability Initiati... HIMSS
- Ruth Schleyer**: Clinical Director, Informatics, Acad... Providence Health & Services
- Toria Shaw, MSW**: Manager, Clinical Informatics HIMSS

At the bottom of the interface, there is a footer with the text "TIGER: Advancing your career through informatics. Become a TIGER today!" and a small TIGER logo. To the right of the footer are icons for home, messages, a briefcase, and information. Further right, it says "Welcome to the TIGER Virtual Learning Environment!"
